

Safety Commitment

Elk Island Catholic Schools regards safety as a value that is an integral part of its operations. We are committed to provide the leadership, organization, training and resources needed to maintain a safe and healthy working and learning environment.

We believe that employees have the right to working conditions beneficial to their health, safety, physical and mental well-being.

Our goal as a Division is to prevent injuries and accidents and foster an environment promoting health and wellness. All staff, students, contractors, suppliers, and visitors have a shared responsibility in achieving this goal. We endeavor to meet legislated requirements and good industry practices.

All employees, contractors, suppliers, and visitors must make a personal commitment to safety and perform their work in a manner that will prevent harm to themselves, their fellow workers and the environment.

No job is so important that we cannot take the time to do it safely. Safety must not be compromised.
