

The Final Weekly Reminders from OLA - July 2

Wondering what's going on – check the school webpage: <http://olaschool.eics.ab.ca/>
The website includes school supply lists for the new year. You may notice we have dropped some of the “old” materials needed as we will have class supplies for student use. This includes scissors, rulers, glue sticks, calculators and erasers. This is an effort to better use resources and save money.

With Joyful Hearts ... Sharing the Good News! After much time and effort the class lists have been completed. Staff review data from CCATS, Insight testing, CTBS, as well as student suggestions for learning partners (and those they do not learn best) to generate the final lists. In the synvervoice e-mail you received July 3 it will have indicated your homeroom class for 2015-16 school. Respectfully, **we will NOT** entertain any change requests from families for homeroom teacher changes. If there is a change in registration requiring placement changes for any reason, the assistant principal Mrs. Lindbeck will contact you.

Thank you to each of you that has contributed to the *Faith & Learning* at Our Lady of the Angels Catholic School. To our departing staff we wish you all the best in your journey. To our students, enjoy your summer and know that ... school begins on August 29 and we look forward to see you energized, evangelized and excited for another year in *Faith & Learning!*

God bless you in these summer months,

Mr. Brett Cox

School fees for the 2015-2016 school year have now been applied to your child's PowerSchool account. Should you have concerns and would like to discuss payment please contact the school office. If you are finding that the fees are a difficulty for your family, we recommend you check out the EICS fee waiver page. You may be eligible for a 50% or 100% fee reduction. Check out <https://goo.gl/uXAHxE>.
